

Hello

Please find enclosed the final program draft and participant list for the meeting in Grenoble.

**Meeting goals:**

- Train and discuss industrial soil and water pollution problems and issues, with specific focus on cyanide-based pollutions.
- Train and discuss the geogenic As and Hg pollutions
- Train and discuss 'soft' sanitary wastewater remediation solutions, with a visit of a rural water-cleaning facility.
- Discuss the presence of exchange researchers

**Practical recommendations:**

- For attendance to the meeting we recommend that transcontinental and UK participants arrive at latest Tuesday 4<sup>th</sup> november in the evening at the airport of Lyon-Saint Exupéry.
- The transfer from the Saint.Exupéry airport to Grenoble city is organized at the discretion of the participants. We recommend the 'SATOBUS' shuttle (departure at 06.30, 07.30, 08.30 ... up to 23.30; 1h travel time), which brings you to the Grenoble railway station in the city center.
- We recommend the 'Hotel Europe' as host place (<http://www.hoteleurope.fr>) Located in the old city centre near to the tram station, the hotel is easily reached from the railwail-bus station by TRAM 'B' (direction 'Plaine des Sports'), stop at 'Maison du Tourisme'. Actually, rooms are reserved for Kok Sothea, Dany Va and Bernhard Wehrli. To attend the university campus continue with the Tram 'B' in the same direction, exit at the station 'Condillac Université' (15 min. transfer time).  
Hotel fees and travel costs (Airplane ticket, Transfert Airport-Grenoble, moving inside the city) are at the charge of the Calibre budgets of the visiting guests. This does not account for invited participants (BWehrli, SGuedron)

In looking forward seeing you here in Grenoble.

Sincerely, yours  
Lorenzo Spadini and Laurent Charlet

### Wednesday 4th November :

08h30-09h00 : Welcome coffee at the LGIT  
09h00-09h15 : Workshop opening (Dave Polya and Laurent Charlet).  
09h15-10h15 : Bounthan Bounvilay : The cyanide problem in Laos.  
10h15-11h30 : Bernhard Wehrli : The Romanian cyanide spill.  
11h30-12h30 : Discussion of the Cyanide problem.

12h30-14h00 : Lunch (Restaurant Noname)

14h15 to 17h30: Visit of a rural water-cleaning facility, including an on-site presentation (Laurent Charlet).

19h00-21h00 : Dinner at the 'Corne d'Or' Restaurant

### Thursday 5th November:

09h30-10h30 : Pollutant classes and propagation : Lorenzo Spadini  
10h30-11h30 : Phytoremediation : Geraldine Sarret  
11h30-12h30 : Mercury and Arsenic in Wetlands : Stephane Guédron

12h30-14h30 : Lunch

14h30-15h30 : Arsenic in Bengale: from field to molecular scale: Laurent Charlet  
15h30-17h30 : Round Table on pollution remediation & analytical problems (leaders: Spadini, Charlet, Bouthan, Kok Sothea)  
17h30-17h45 : Workshop closing (Dave Polya and Laurent Charlet)

18h00-19h00 : Dinner on-site;

19h00 - 21h30 Management meeting.

9h15 to 10h15: Visit of the LGIT laboratory.

10h to 11h30: Presentation of the field equipment facilities (Delphine Tisserand)

### Invited participants

1: Dr Bounvilay (NUOL),

4: Dany Va (RUPP)

7: Dr. Stephane Guédron (UNIGEN)

10: Dr. Géraldine Sarret (UJF)

13: Delphine Tisserand (UJF)

2: Prof. Vanhthong Nhoysaykham

5: Prof. Dave Polya (UNIMAN)

8: Dr. Spadini Lorenzo (UJF)

11: Dr. Stephane Garambois (UJF)

14: Florian Molton (UJF)

3: Kok Sothea (RUPP)

6: Prof. Bernhard Wehrli (EAWAG)

9: Prof. Laurent Charlet (UJF)

12: Choeun Kimseng (RUPP-UJF)

15: Sophie Vandecasteele (UJF)
